## Program at a Glance

### Building Systems:

The **BS** of Facilities Management

This year the presentations and discussion will be focused on the building systems that facility managers contend with on a daily basis – electrical, mechanical, plumbing, fire suppression, security, and building envelope. The presentations will cover the practical side of operation, maintenance, and upgrades to these systems.

### Location:

Ward Presbyterian Church  
40000 Six Mile Road; Northville, MI 48168
